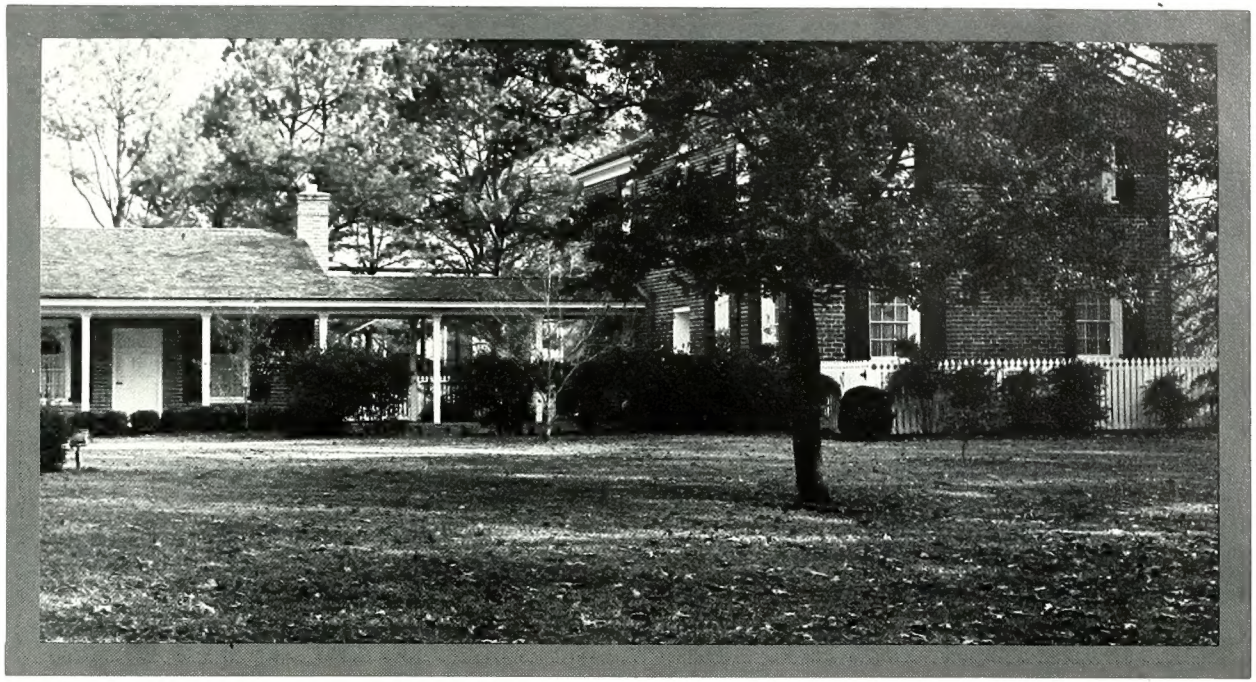
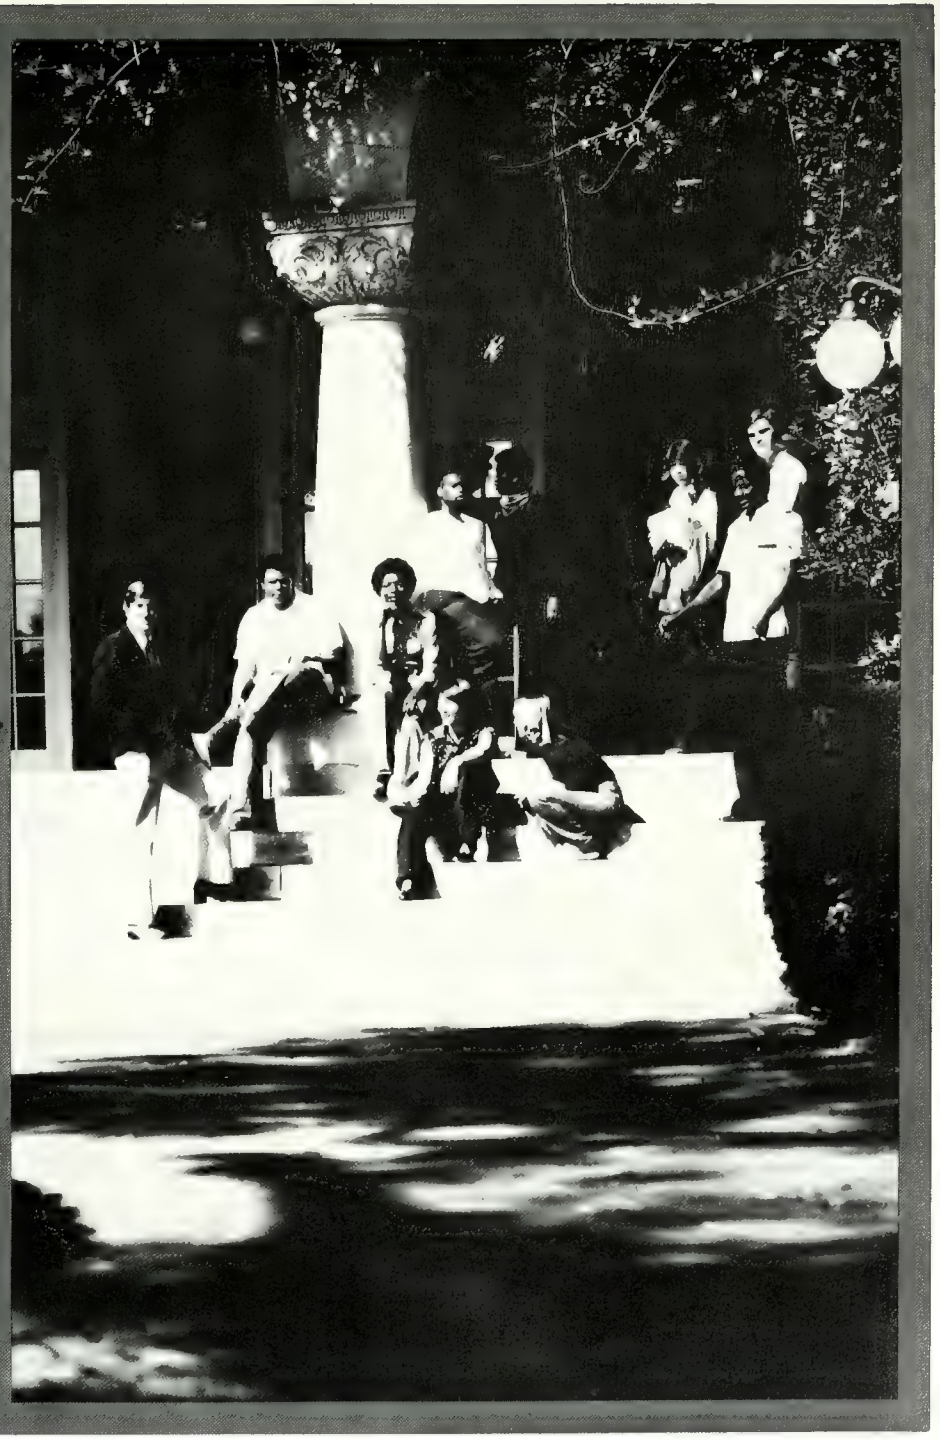
Montevallo's campus site was donated by the King Family. The original home — King House — still remains in the center of campus and serves as a housing facility for University guests. The King family still resides on the campus in the family graveyard located beside Harman, the science building.



Montevallo has really progressed since its opening in 1896. The campus has grown and changed as the student body has also.



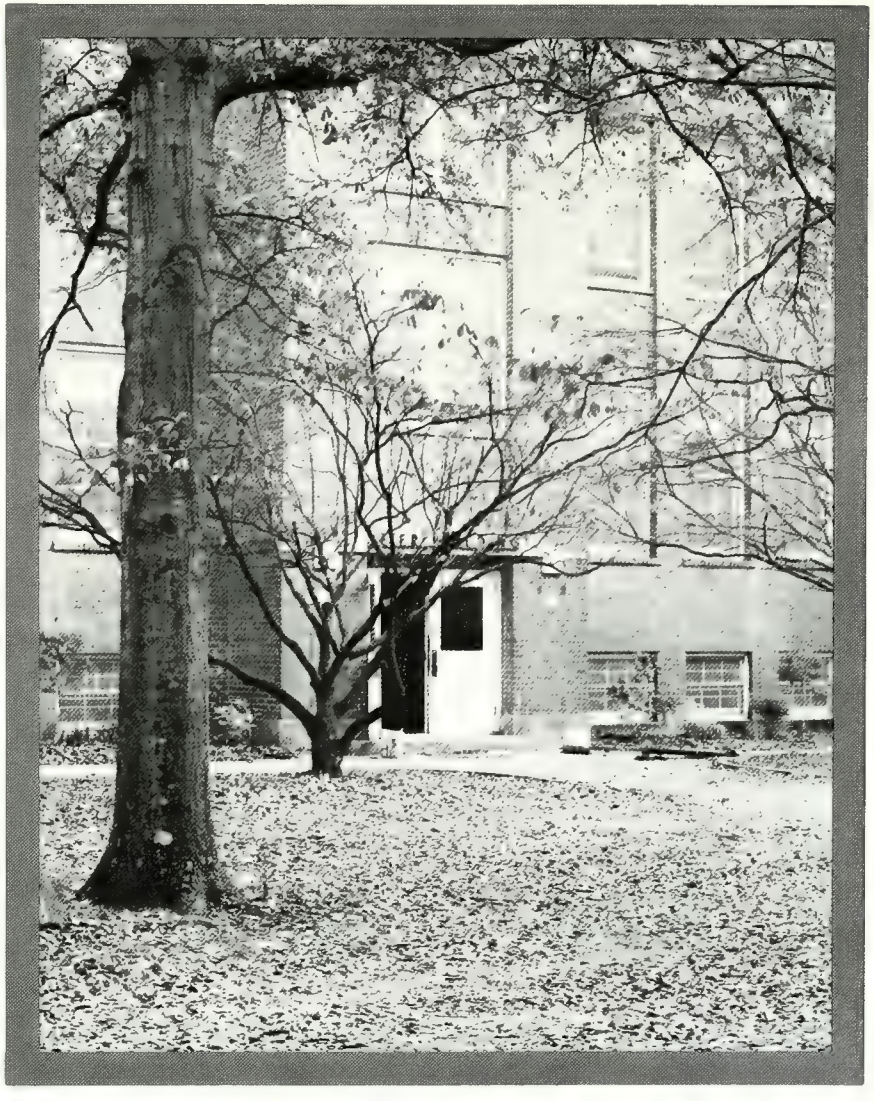
Flowerhill, built in 1926, became the home of President Oliver Cromwell Carmichael. This beautiful home is open and enjoyed by all of us — not just its inhabitants, President James F. Vickery, Jr. and his family.

Calkins, (top left), erected in 1917, first served as the school's Music Building. Today it houses the office of the President and other top administrative officials.

Palmer Hall (bottom), was dedicated on Founders Day 1929, as the Student's Auditorium. Today it still serves the same purpose while housing several administrative offices.

ARTHUR FORT MACMAHON HALL

One of the common hangouts at UM is the classroom.



Comer Hall (top center) houses English, Psychology and Foreign Language Departments. The Business Building is located to the right of Comer and houses all Business classes and a computer center. Wills Hall (2nd row left) contains Education classes and a curriculum lab. Harman Hall (2nd row right) contains Math, Physics and Science Depts. Directly above is the Speech and Hearing Clinic where Speech Pathology, Audiology, and Special Education is located. Jeter (directly rt.) houses all Social Science classes.

Myrick Hall

Physical Education facilities at U.M. are numerous. They include two gyms, a pool, a golf course, tennis courts, racquetball courts, a baseball field, a lake, a driving range, and an archery range.

Bloch Hall (right) houses the Art Department, which includes a gallery and photo lab, and the Home Economics Department, as well as the State Office of Home Economics.

The table behind Bloch (left) provides a nice place to study, draw, or just relax.

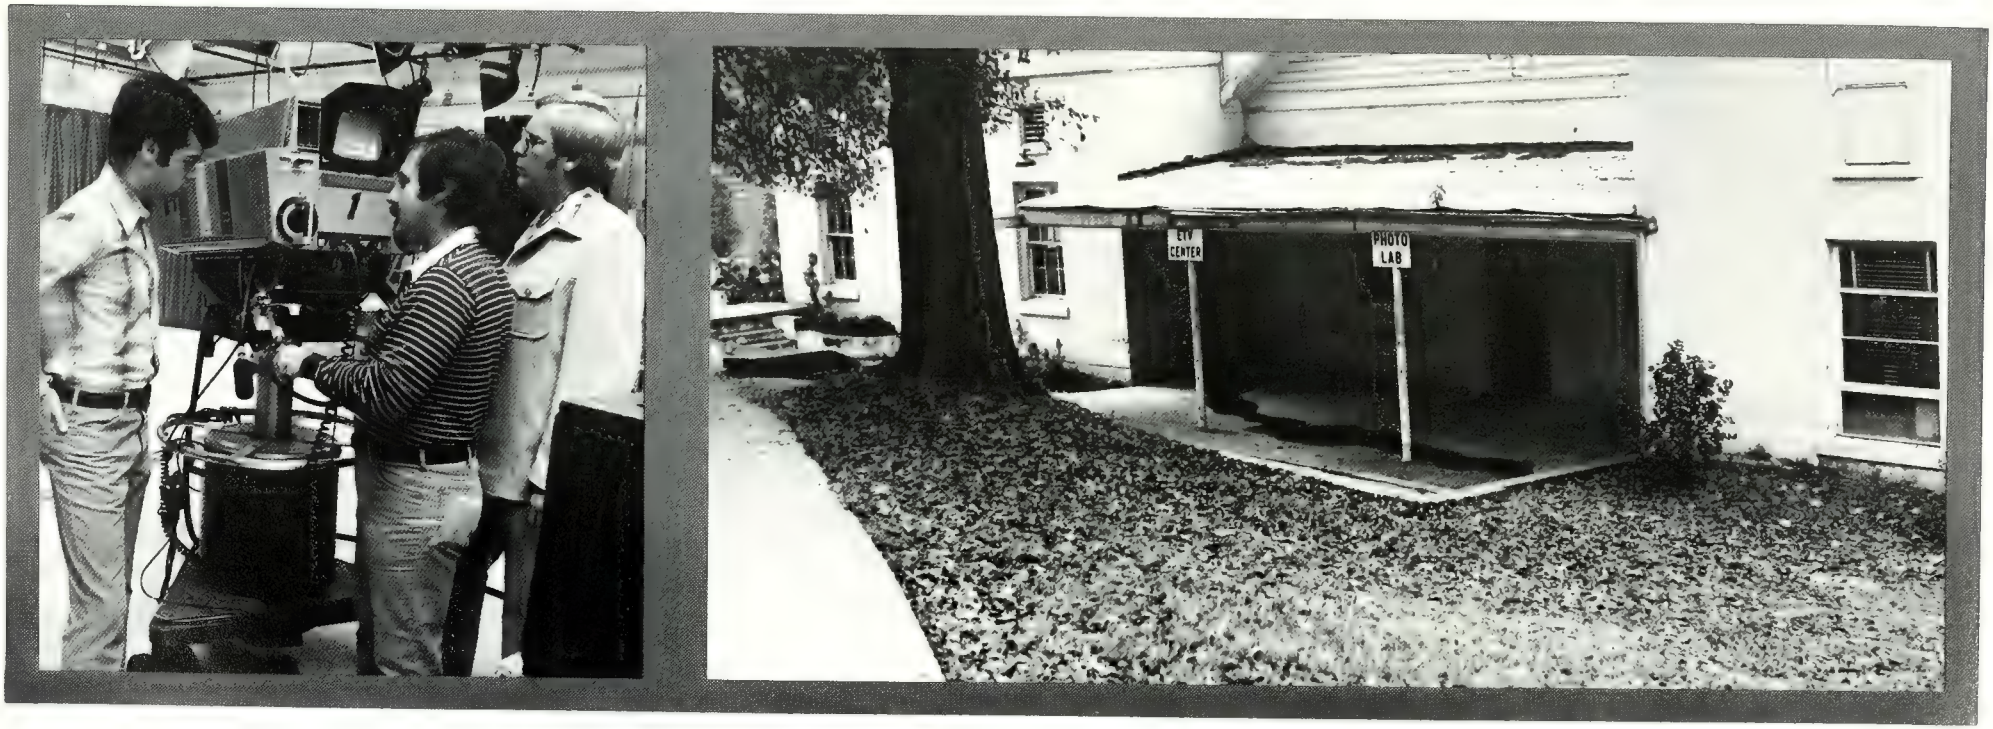
The Child Study Center (below) is an extension of the Home Economics Department. It provides lab experience for students in child development as well as Social Work.

The Hill Home Management house (bottom) is located on one end of the campus near Flower Hill Drive. It provides a four week residence/lab for students in Home Economics education.

Reynolds was the only building when this school opened in 1896. Since then it has served in almost every capacity possible. Today it houses offices,the Speech and Theatre Department, and the Social Work Department.

The Music Building houses the Music Department which includes the UM Band and Choirs as well as a music library and music labs. It is also the setting for Choral and Band concerts.

The ETV (Educational Television) center (below) contains the photo lab and the television studio.

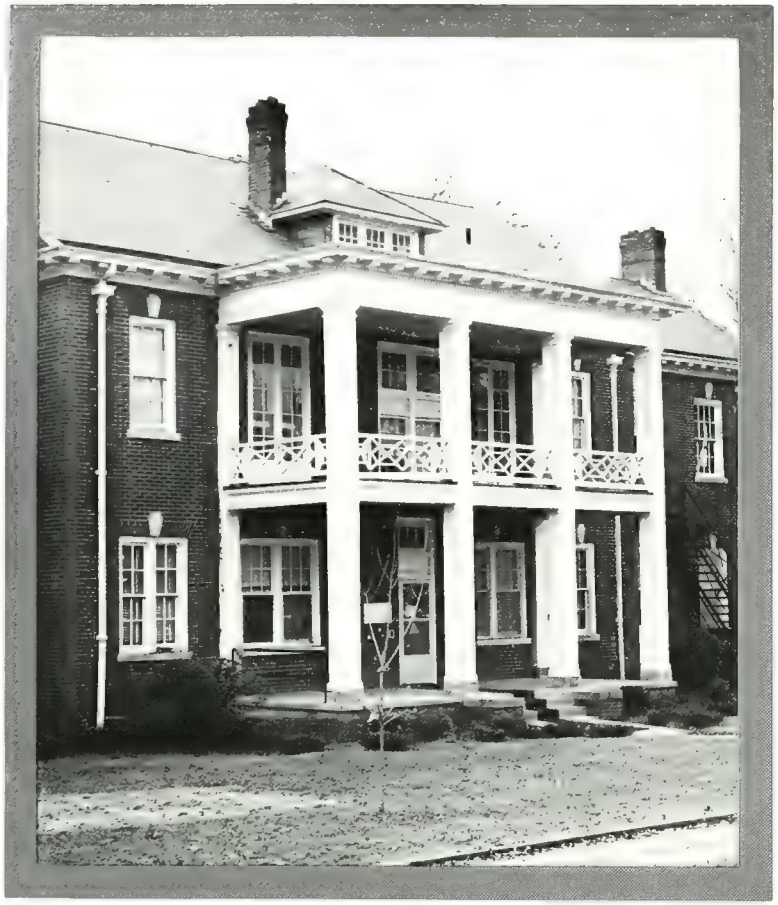


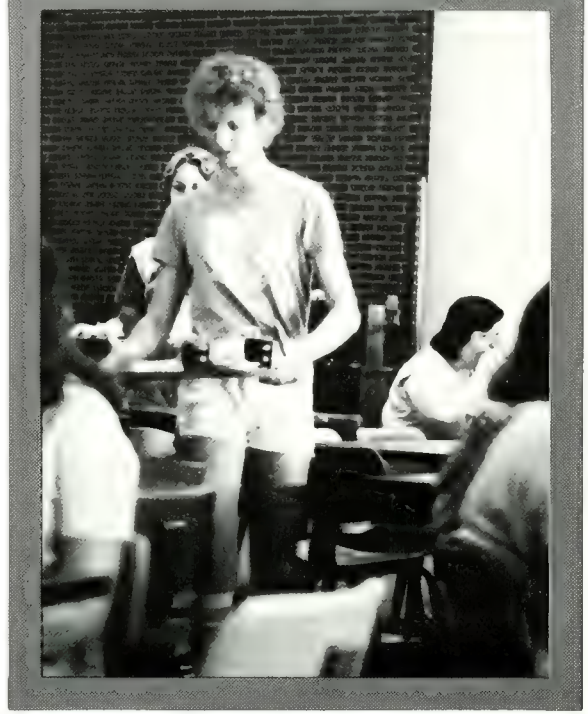
One of the landmarks on the UM campus is the old water tower (left) which now houses the Alabamian and Montage offices as well as the Carillon Bell Tower.

One of the UM extras is the Traffic Safety Center — Vacca Hall — which is pictured on the right.

The department of operations pictured above and at left is responsible for keeping the campus in working order as well as keeping it clean and beautiful.

Pictured at right is Ramsay Hall which has been quiet for many years. However, planned renovations will soon bring it to life again.





Health services are supplied by the school Infirmary (top left) and dining facilities are in the modern cafeteria (top right).

Pictured below is Carmichael Hall which houses the Library and other research facilities (below top). The Student Union Building and Tea House are used not only for snacks and recreation but also for Student Government and Career Planning Offices. The Post Office and Book Store are also located there (pictured below at bottom).

OLIVER CROMWELL CARMICHAEL HALL

Much of the social life at UM centers around dorm life.

Women are housed in four dorms — Brooke (left) which also houses the Chi Omega Sorority.

Tutwiler Hall (bottom) which also houses the Phi Mu Sorority.

Hanson (right) is also home of the Alpha Delta Pi Sorority.

The largest dorm and the center of excitement is Main which houses (among other things) the Alpha Gamma Delta Sorority.

Old Main is the spotlight of many campus social events.

The three men's dorms on campus are Napier, the oldest (above), Fuller, the largest (below), and Lund Hall, the newest (right).

Many entertainment activities are held in the basement of Napier, including dances sponsored by the Resident Hall Council.

SCHOLARS

President James F. Vickery Jr., after two years at the University of Montevallo, has shown his enthusiasm and belief in the University to be exactly what we need to build ourselves up to the status that larger, more prestigious schools enjoy. We continue to grow under his leadership into a University with a "Degree of Difference."

CHI OMEGA

Hellenic Culture and Christian Ideals — "Good ole Chi O love" — "The friendship, the laughter, the good times we say" — "I found a home here in Chi O" — "Do-do, do-do, do-do-do-do-do-do-do-do!" — "The owl, the carnation, the cardinal and straw." — "Chi Omega, Yours Forever" — "Our bonds will ne'er be broken" — "Chi Omega friendship is worth more than gold; It can't be bought and it can't be sold; You can't get it by reading a book on a shelf; You just have to be a Chi Omega yourself!" — "You have given us your riches. We love you so." — If you can't eat, you ain't a true Chi Omega! — Alfred P. Hootnagle, here. — "Wouldn't it be nice if we were sisters?" — "Okay!" — "Get in the boat!" or so said George Washington — "What do you get when you cross a goat with an owl? A Hootenanny" — Do you have the Chapter Room keys? — Listen for my phone — will you sign my paddle? — Has Scotty found out yet? — Cute hoot — Do you have a date for the formal? — Is it your Candlelight? — Who wants to go to Sonic? — S.O.P. — Slock ride — Has Carol made it up that hill yet? — From east to west . . . —

REGISTRATION

College — The land of the midnight sons.

"Liz, what does registration mean to you?"
"It means a hassle. Not getting the classes you depend upon."
"I see."

Most of the attitudes are similar. The long lines — the fainting. We all take registration for what it is — the beginning.

South Central Bell

BUSINESS ADM.

CLEAN-UP DAY

Saturday before Founder's Day to prepare the campus environment for the big celebration and to recreate a bit of University history. Merchants from Montevallo came to the campus site 82 years ago with saw, hoe and spade to prepare the land for the coming of the new college; as a re-enactment, the 1978 Spruce Up Day was planned. University students, faculty and staff, Montevallo City Government, the Chamber of Commerce and Montevallo High School joined together to rake leaves, pick up debris, sweep sidewalks and generally "spruce up" the campus of UM.

FOUNDER'S DAY

Honorary Doctor of Laws
Degree Awarded to
John Harbert

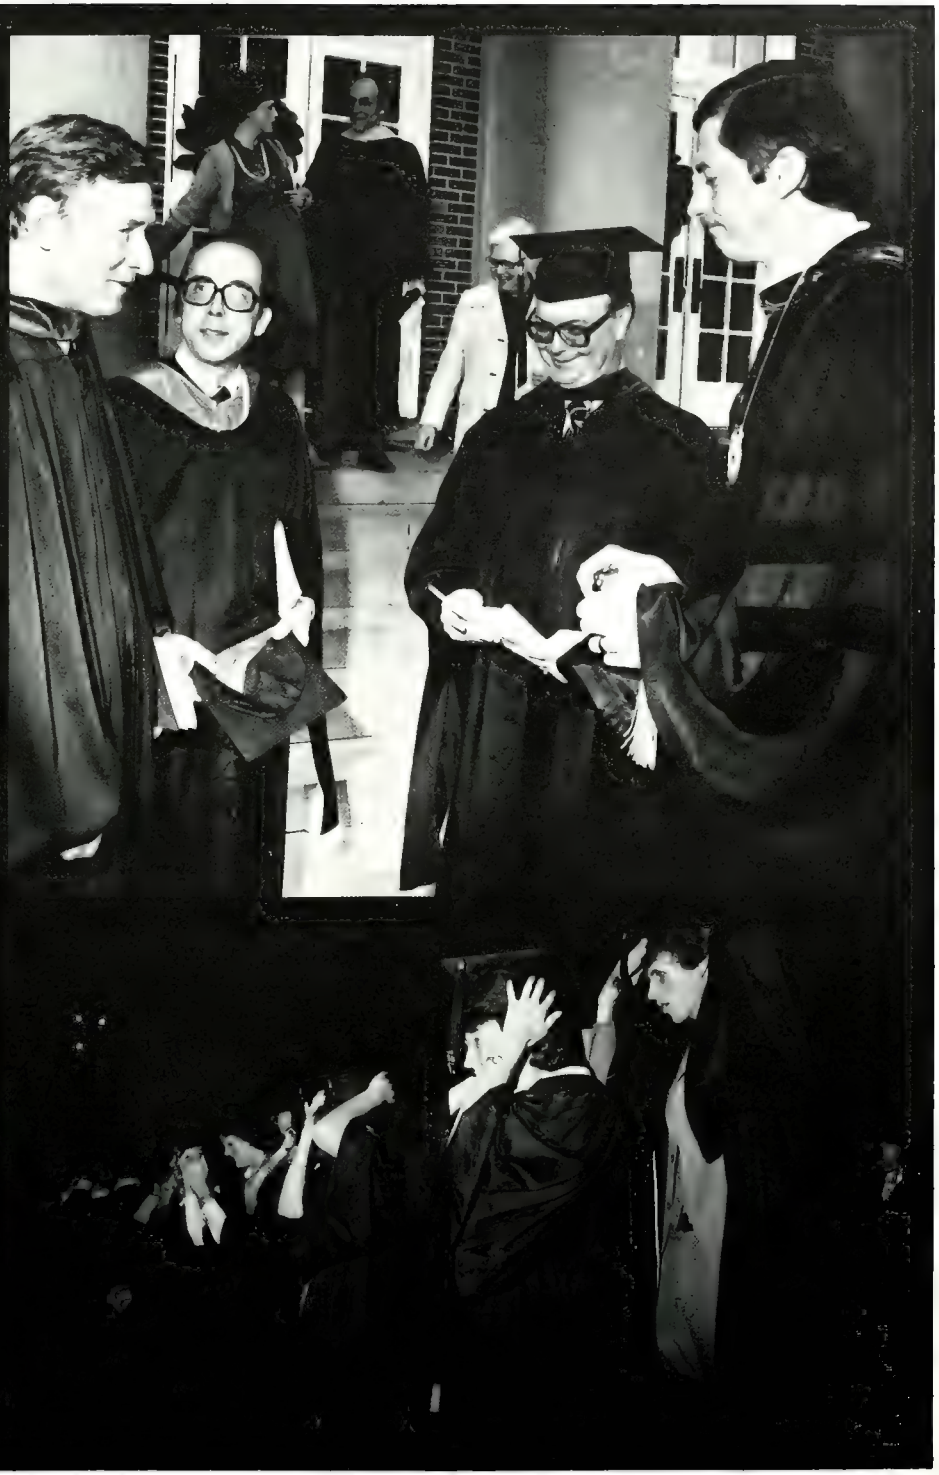
It was the first time he had ever worn a cap and gown, said John Harbert, when awarded an honorary doctor of laws degree at the Founder's Day Convocation.

The Birmingham and Shelby County businessman and civic leader said he did not go to his undergraduate graduation at Auburn.

In giving Harbert the first honorary doctorate from UM in approximately 20 years, President Vickrey said the university was recognizing Harbert for his finding "the time to give effective leadership to other business and civic enterprises and particularly, for his work in educational philanthropy." Harbert serves on the board of trustees of Birmingham-Southern College, Altamont School and the Alabama School of Fine Arts, and he was recently appointed to serve on the Alabama Commission on Higher Education.

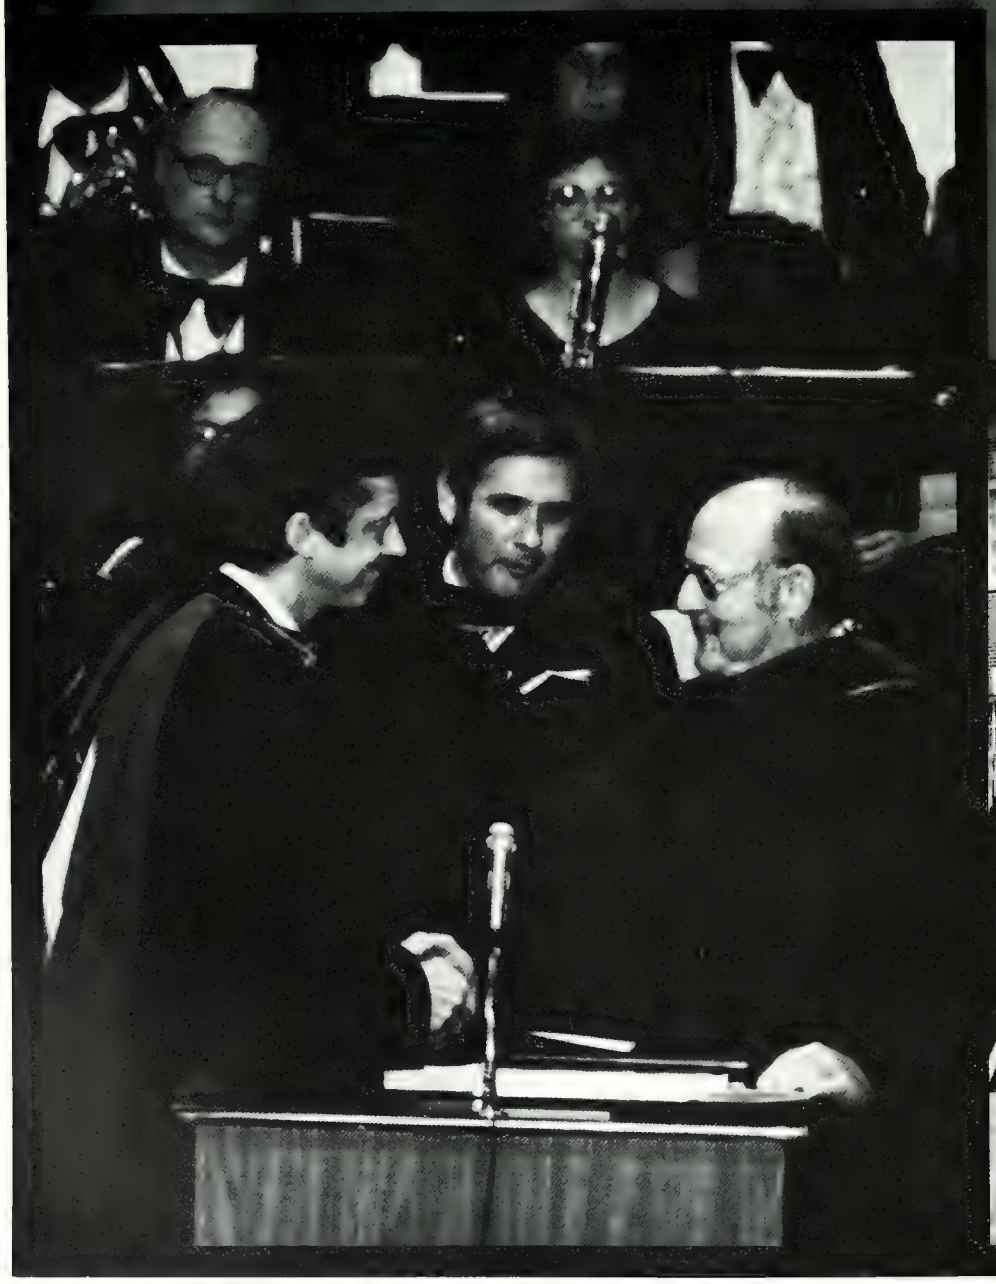
The honorary doctorate recipient also served as co-chairman of UM's recently completed Mission and Goals Study.

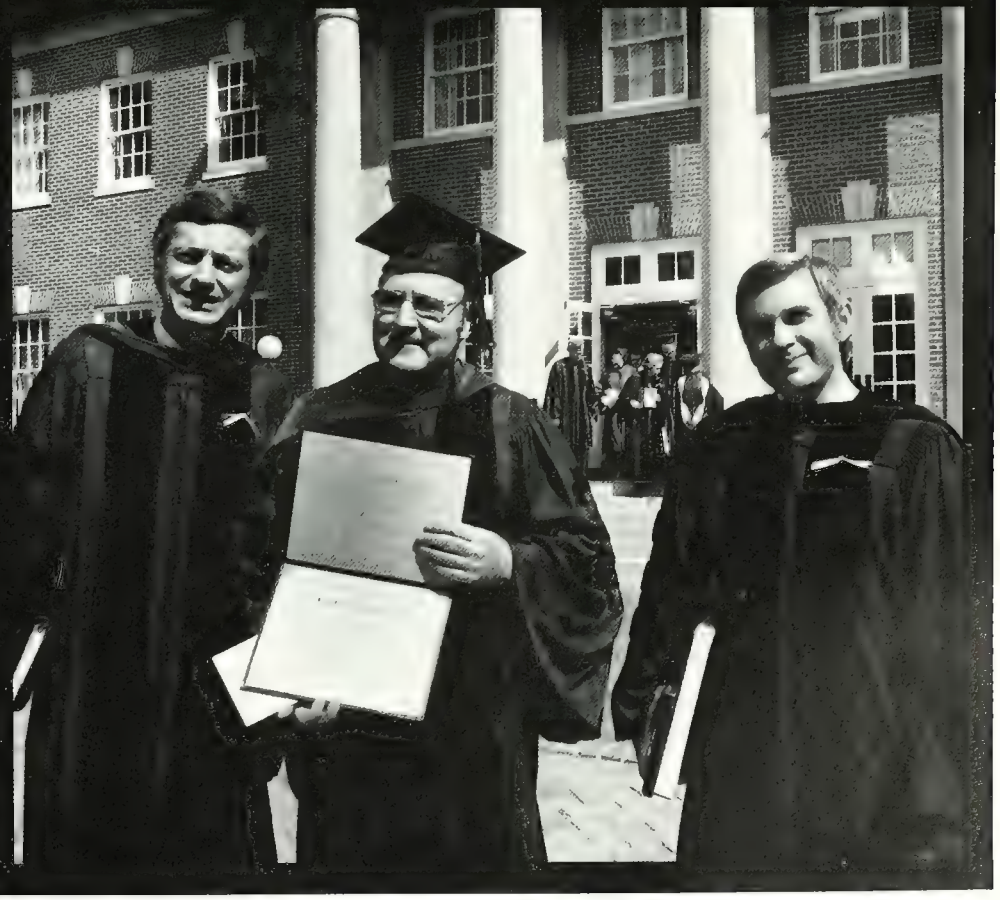
Harbert has received many awards including the Auburn University Outstanding Engineering Alumni Award and "Citizen of the Year" by the Women's Committee of 100 for Birmingham.



Luncheon and Annual Fund Kickoff

From the convocation, Founder's Day celebrants moved to Main's Banquet Hall for a luncheon, entertainment and speakers. Benny Middaugh, of the UM Dept. of Music, and his wife, Pam, provided a musical interlude from "My Fair Lady." Guest speakers Dr. Cecil Mackey, President of the American Association of State Colleges and Universities, focused on fund raising. Master of Ceremonies duties were performed by Alumnus Jack Bates, and Alumnae Roxie Craig gave the benedition.





It's the end,
yet a beginning.

We've crossed this bridge, where will the next one take us?

Written by Scott Copeland
Music by Gary Nichols

The University of Montevallo Children's Theatre presented *Bugtown Jubilee* in the fall of 1978. Script and lyrics were written by Scott Copeland. The music was composed by Gary Nichols. Both students are Fine Arts majors.

The UM entry in ACTF competition, in Tuscaloosa, was Michael Cristofer's *The Shadow Box*. Directed by John Rude, it continued further in competition in Athens, Georgia.

Montevallo's oldest tradition shall become reality right before your very eyes. This dramatic event is totally student oriented and produced. College Night has affected more student lives than any other activity on campus. For sixty-one years students have experienced working together and developing new friendships.

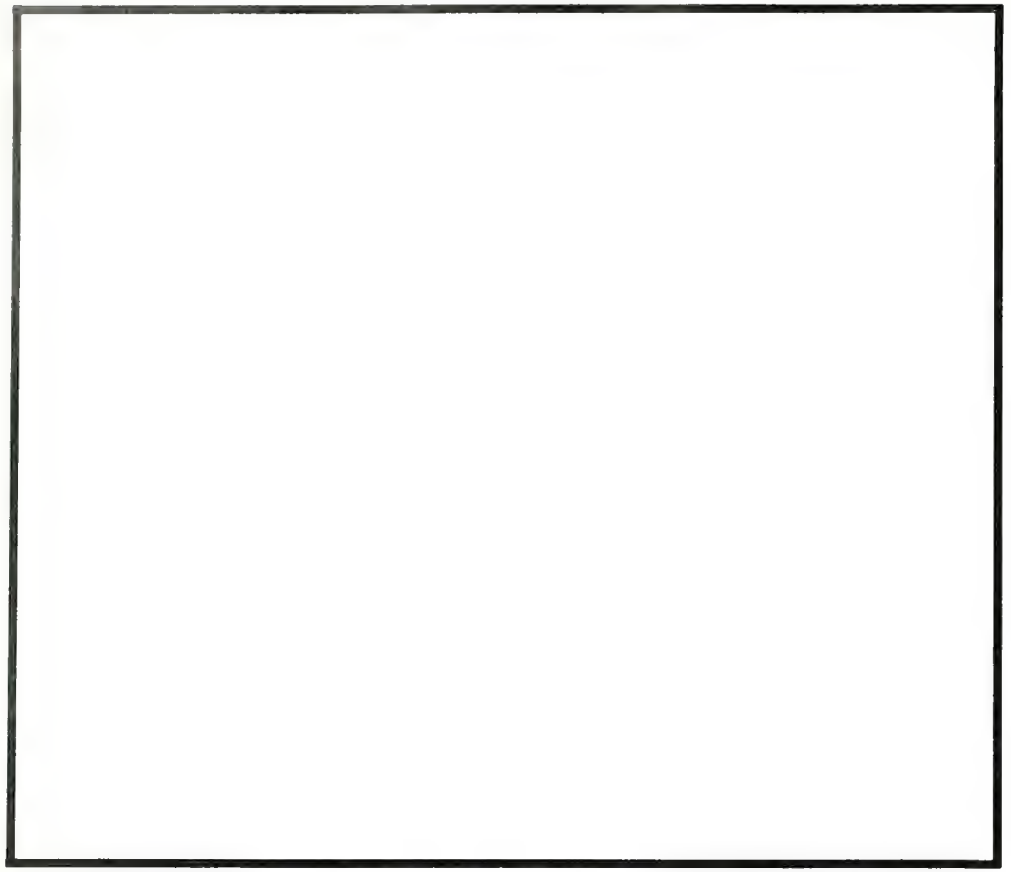
One never loses in College Night. Through all the laughs, hard work and unending nights everyone wins. The Student Government Association commends all students who have participated in this most cherished event.

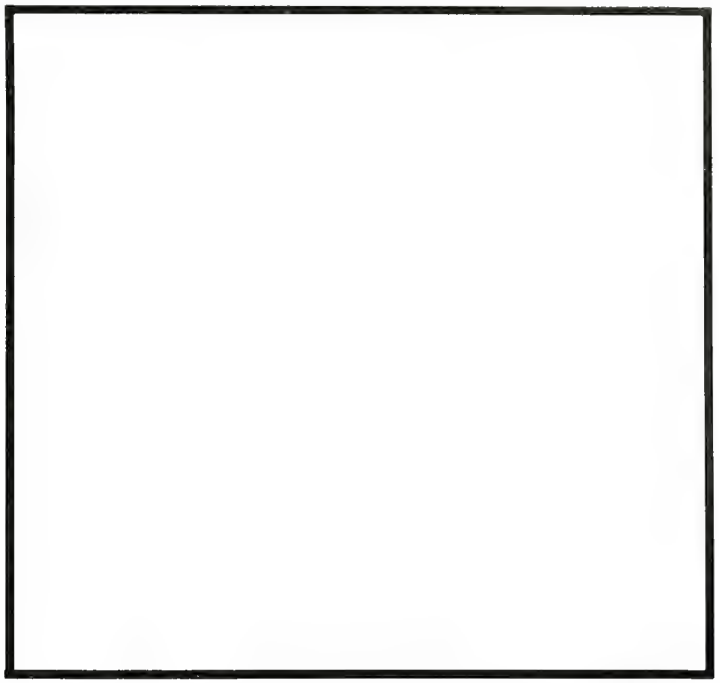
This night is from us, "the students," to you. Relax and enjoy our tradition . . . College Night 1979.

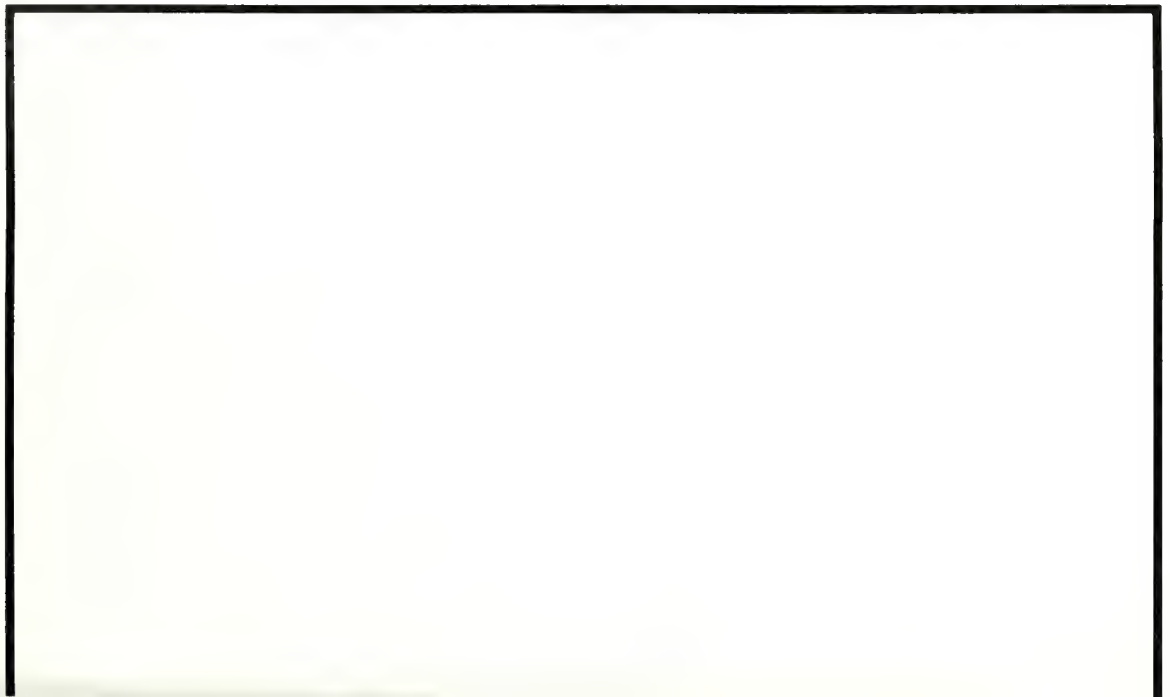
Tom Whiting
President, Student Government Association

The event most treasured by almost all UM students and alumni is College Night. It is what sets UM above all other colleges and universities and is one of the oldest college traditions in this part of the nation. It is an experience that could never be described — one would have to take part in it to understand it. It means many things to many people — hard work, fun, excitement, staying up long hours, imagination, cooperation, victory, defeat, plans for next year, and the list goes on . . . However unique, college night feelings are shared by a very special group of people and is a feeling that is embedded deep in our hearts and goes with us no matter how far from "Home" we may go.

AND A PLACE FOR YOUR PICTURES







ATHLETICS

Any game or activity in which one participates is an imitation of life. The fact that men and women will spend hours practicing a free throw, a curve ball, a serve, a stance, or a swing shows that the ambitious are preparing for life's opposition . . .

The finest materials the world can offer, its human lives, are preparing to conquer and overcome the day to day trials.

Many games involve intense strategy and cunning, while others are displays of pure skill . . .

The conduct and the ability of the players to follow the patterns set for the game is the untimate key to our moral standards. If any man plays and fails to learn he should sincerely hope that he may play again.

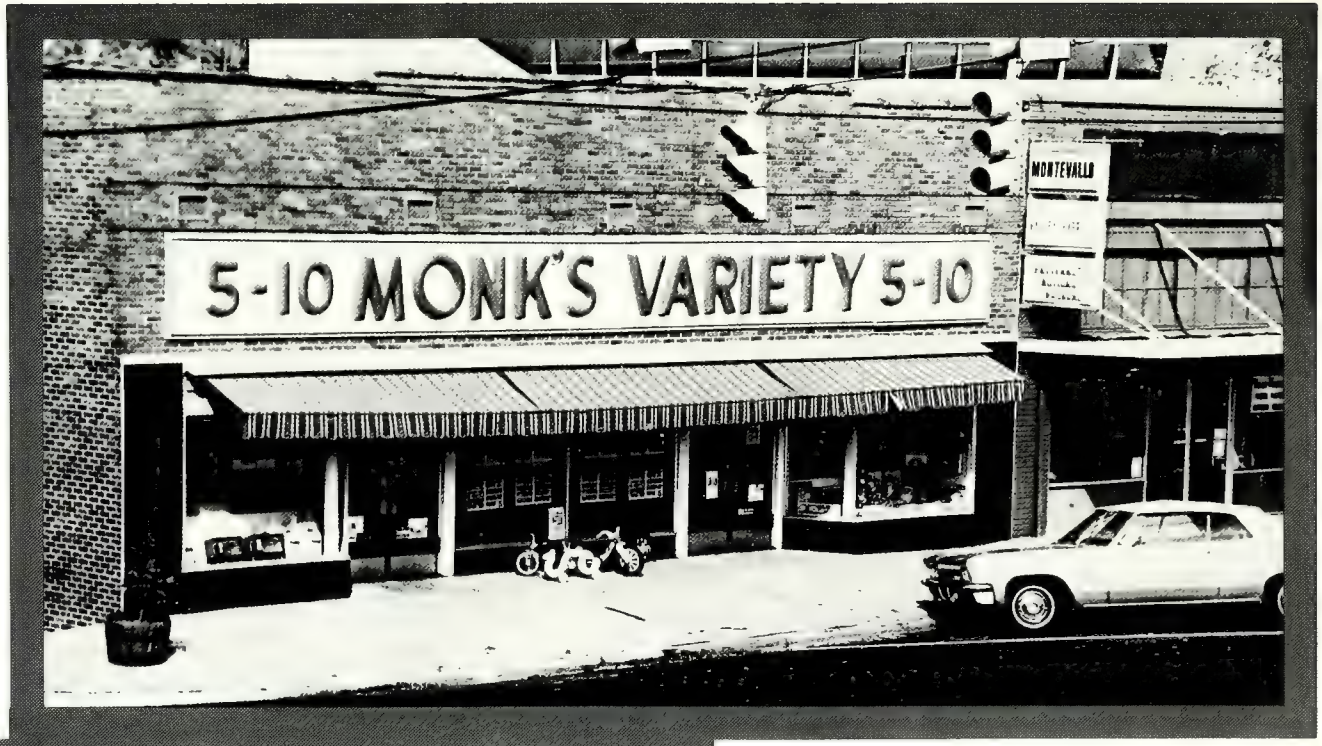
Montevallo Memories

Question:
"Where do you go when you can't go far?"

Answer:
— Downtown —

A few of our favorite "Hang-outs" include Pasquale's, Jolly Cholly, Sonic and Bill's Grocery.

For last minute shopping, there is Monk's — a favorite of UM students, especially around Halloween, Thanksgiving, Christmas, Valentine's Day and Easter.



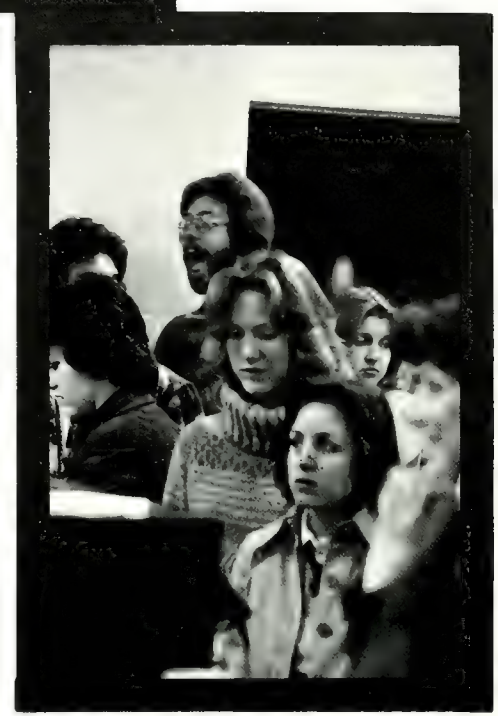
For entertainment . . .

The SGA enterainment council and the Falcon Theatre offered movies at a special student price — It's no secret that UM students love special prices.

Hours of study call for relaxation. Sometimes we loafed around campus, visiting with friends. A quick trip to the campus lake restored our frayed nerves.

One thing that UM students learn very quickly is how to stand in line:

A majority of the students practice this skill every day outside the Cafeteria.



The Student Union Building provides a variety of atmospheres from relaxing and socializing with friends or a game of pool or bowling, to Student Government, Career Planning and Placement, and Counseling.

Carmichael Library provides everything the student needs for improving or maintaining academic excellence including reference material, periodicals and a quiet study atmosphere.

Nature teaches us to take time to enjoy life.

When the pressures of classes and campus life become unbearable, UM students have several places to go to "get away from it all" and get close to nature.

— Falling Rock —

(left) is located a few miles off campus and is a favorite spot for nature hikes.

— Covered Bridge —

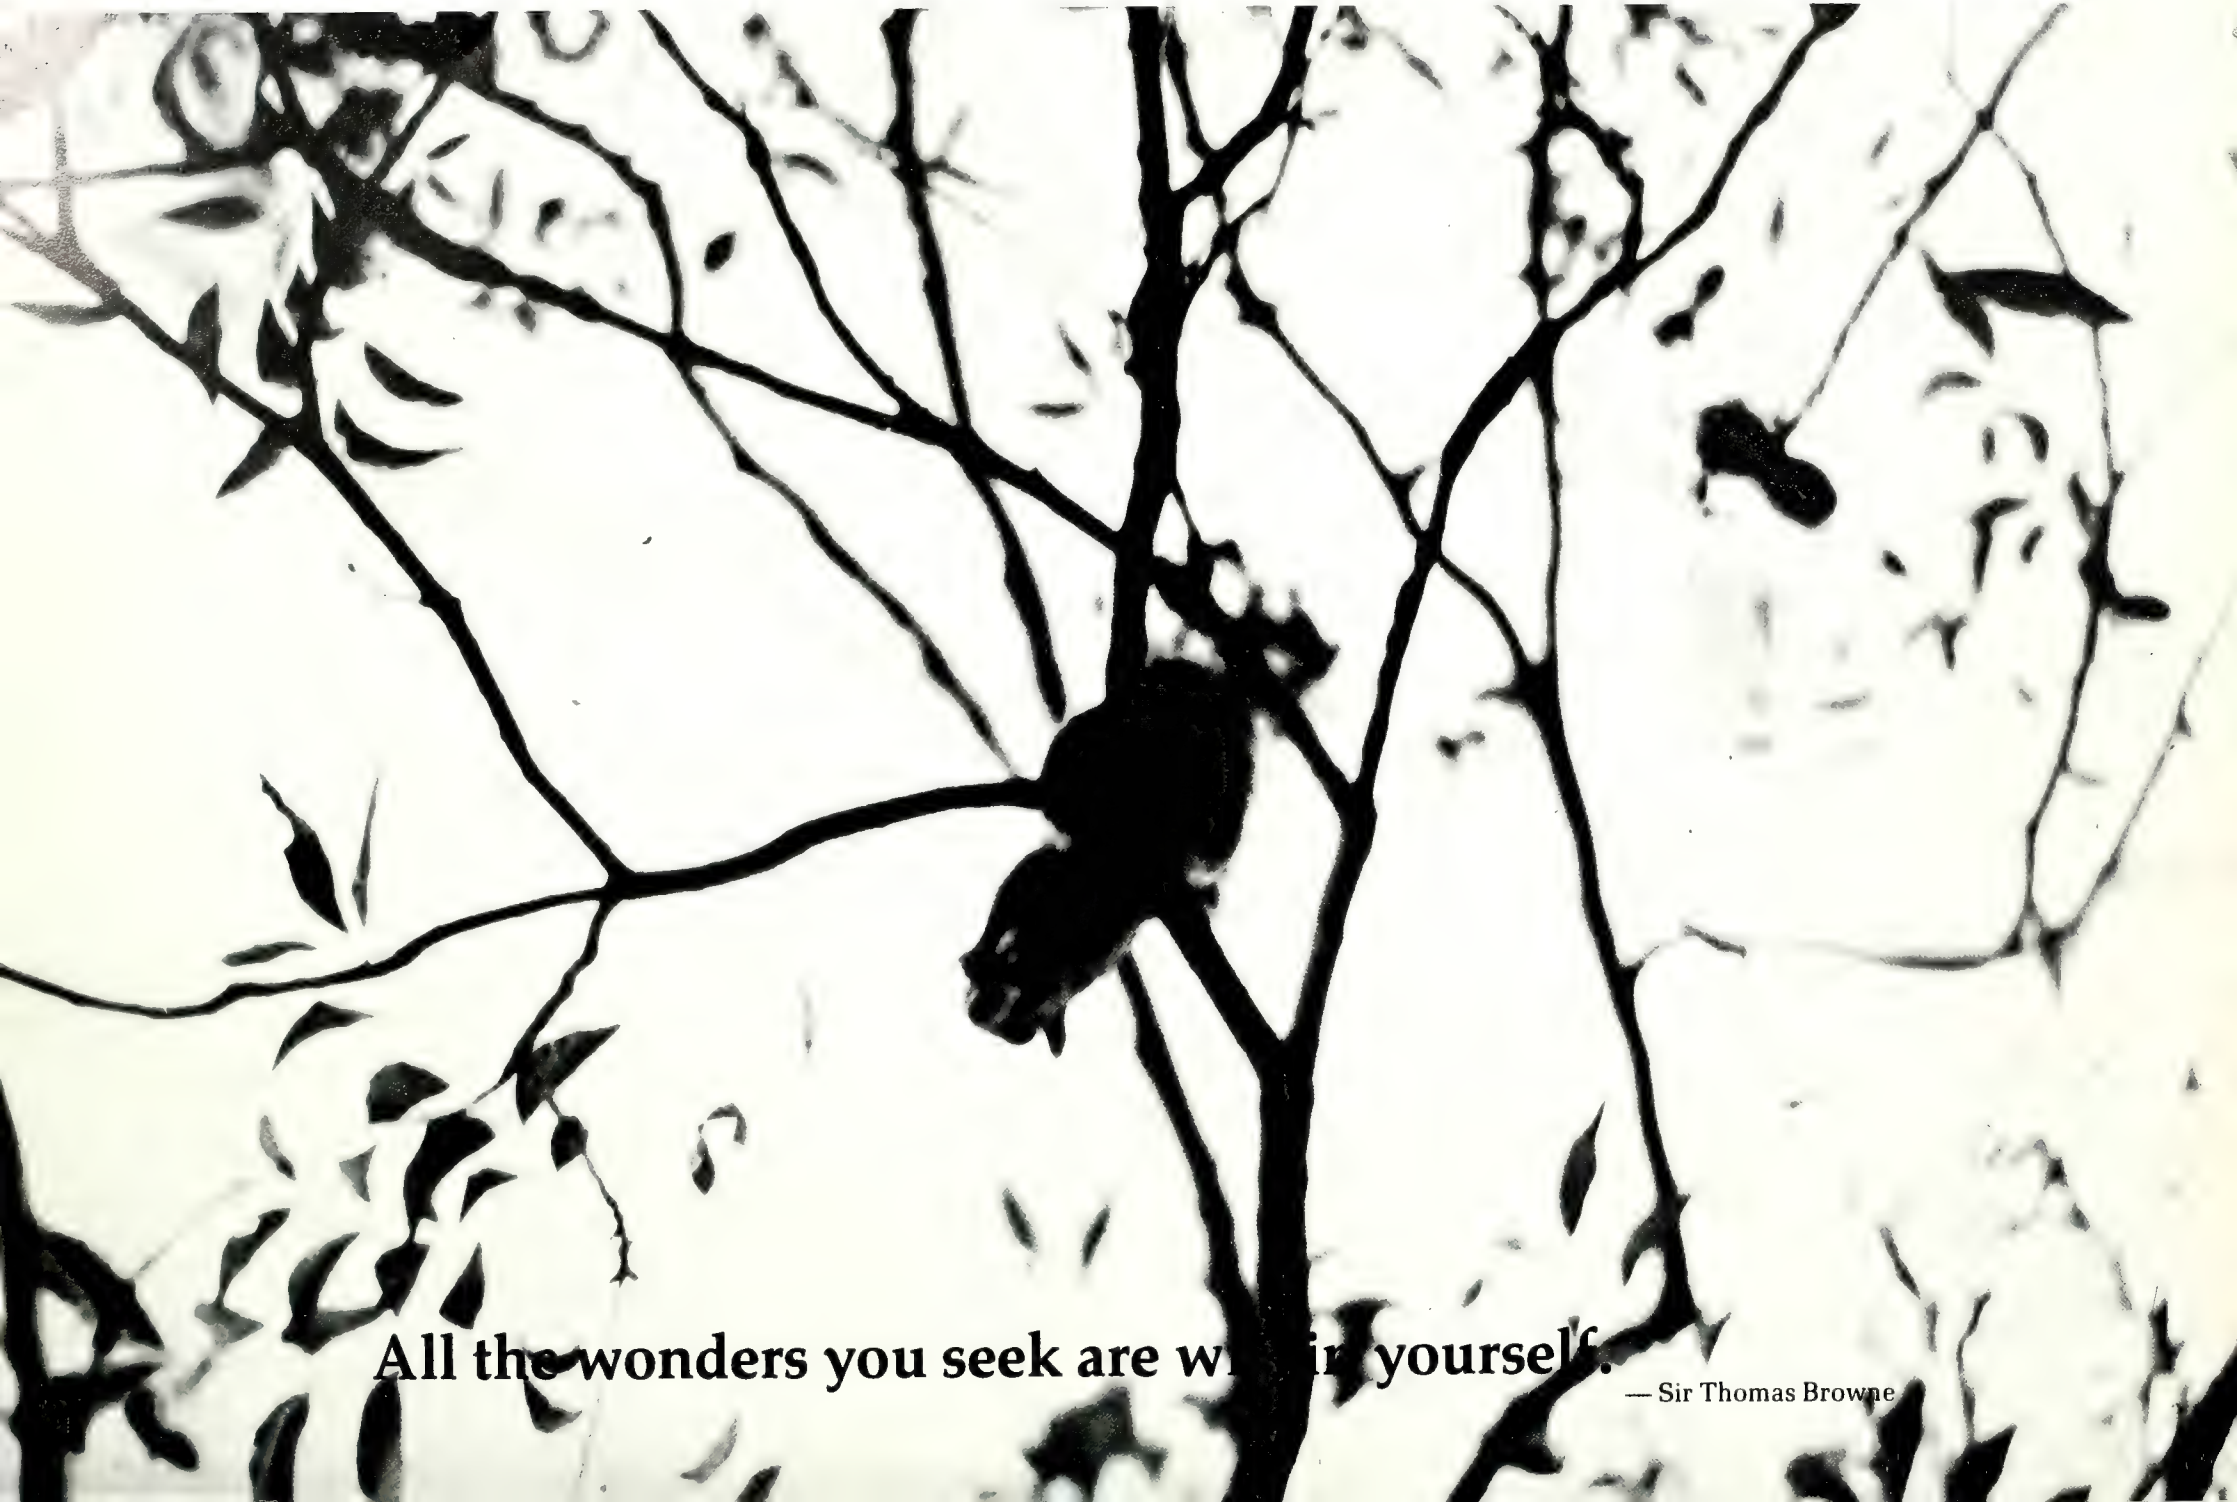
(right) is close to campus and is among the few covered bridges remaining in the South. UM students enjoy going there to be alone with nature or to share thoughts with a close friend.

ORR PARK

is located across town from the UM campus. It provides a quiet place to go within walking distance.

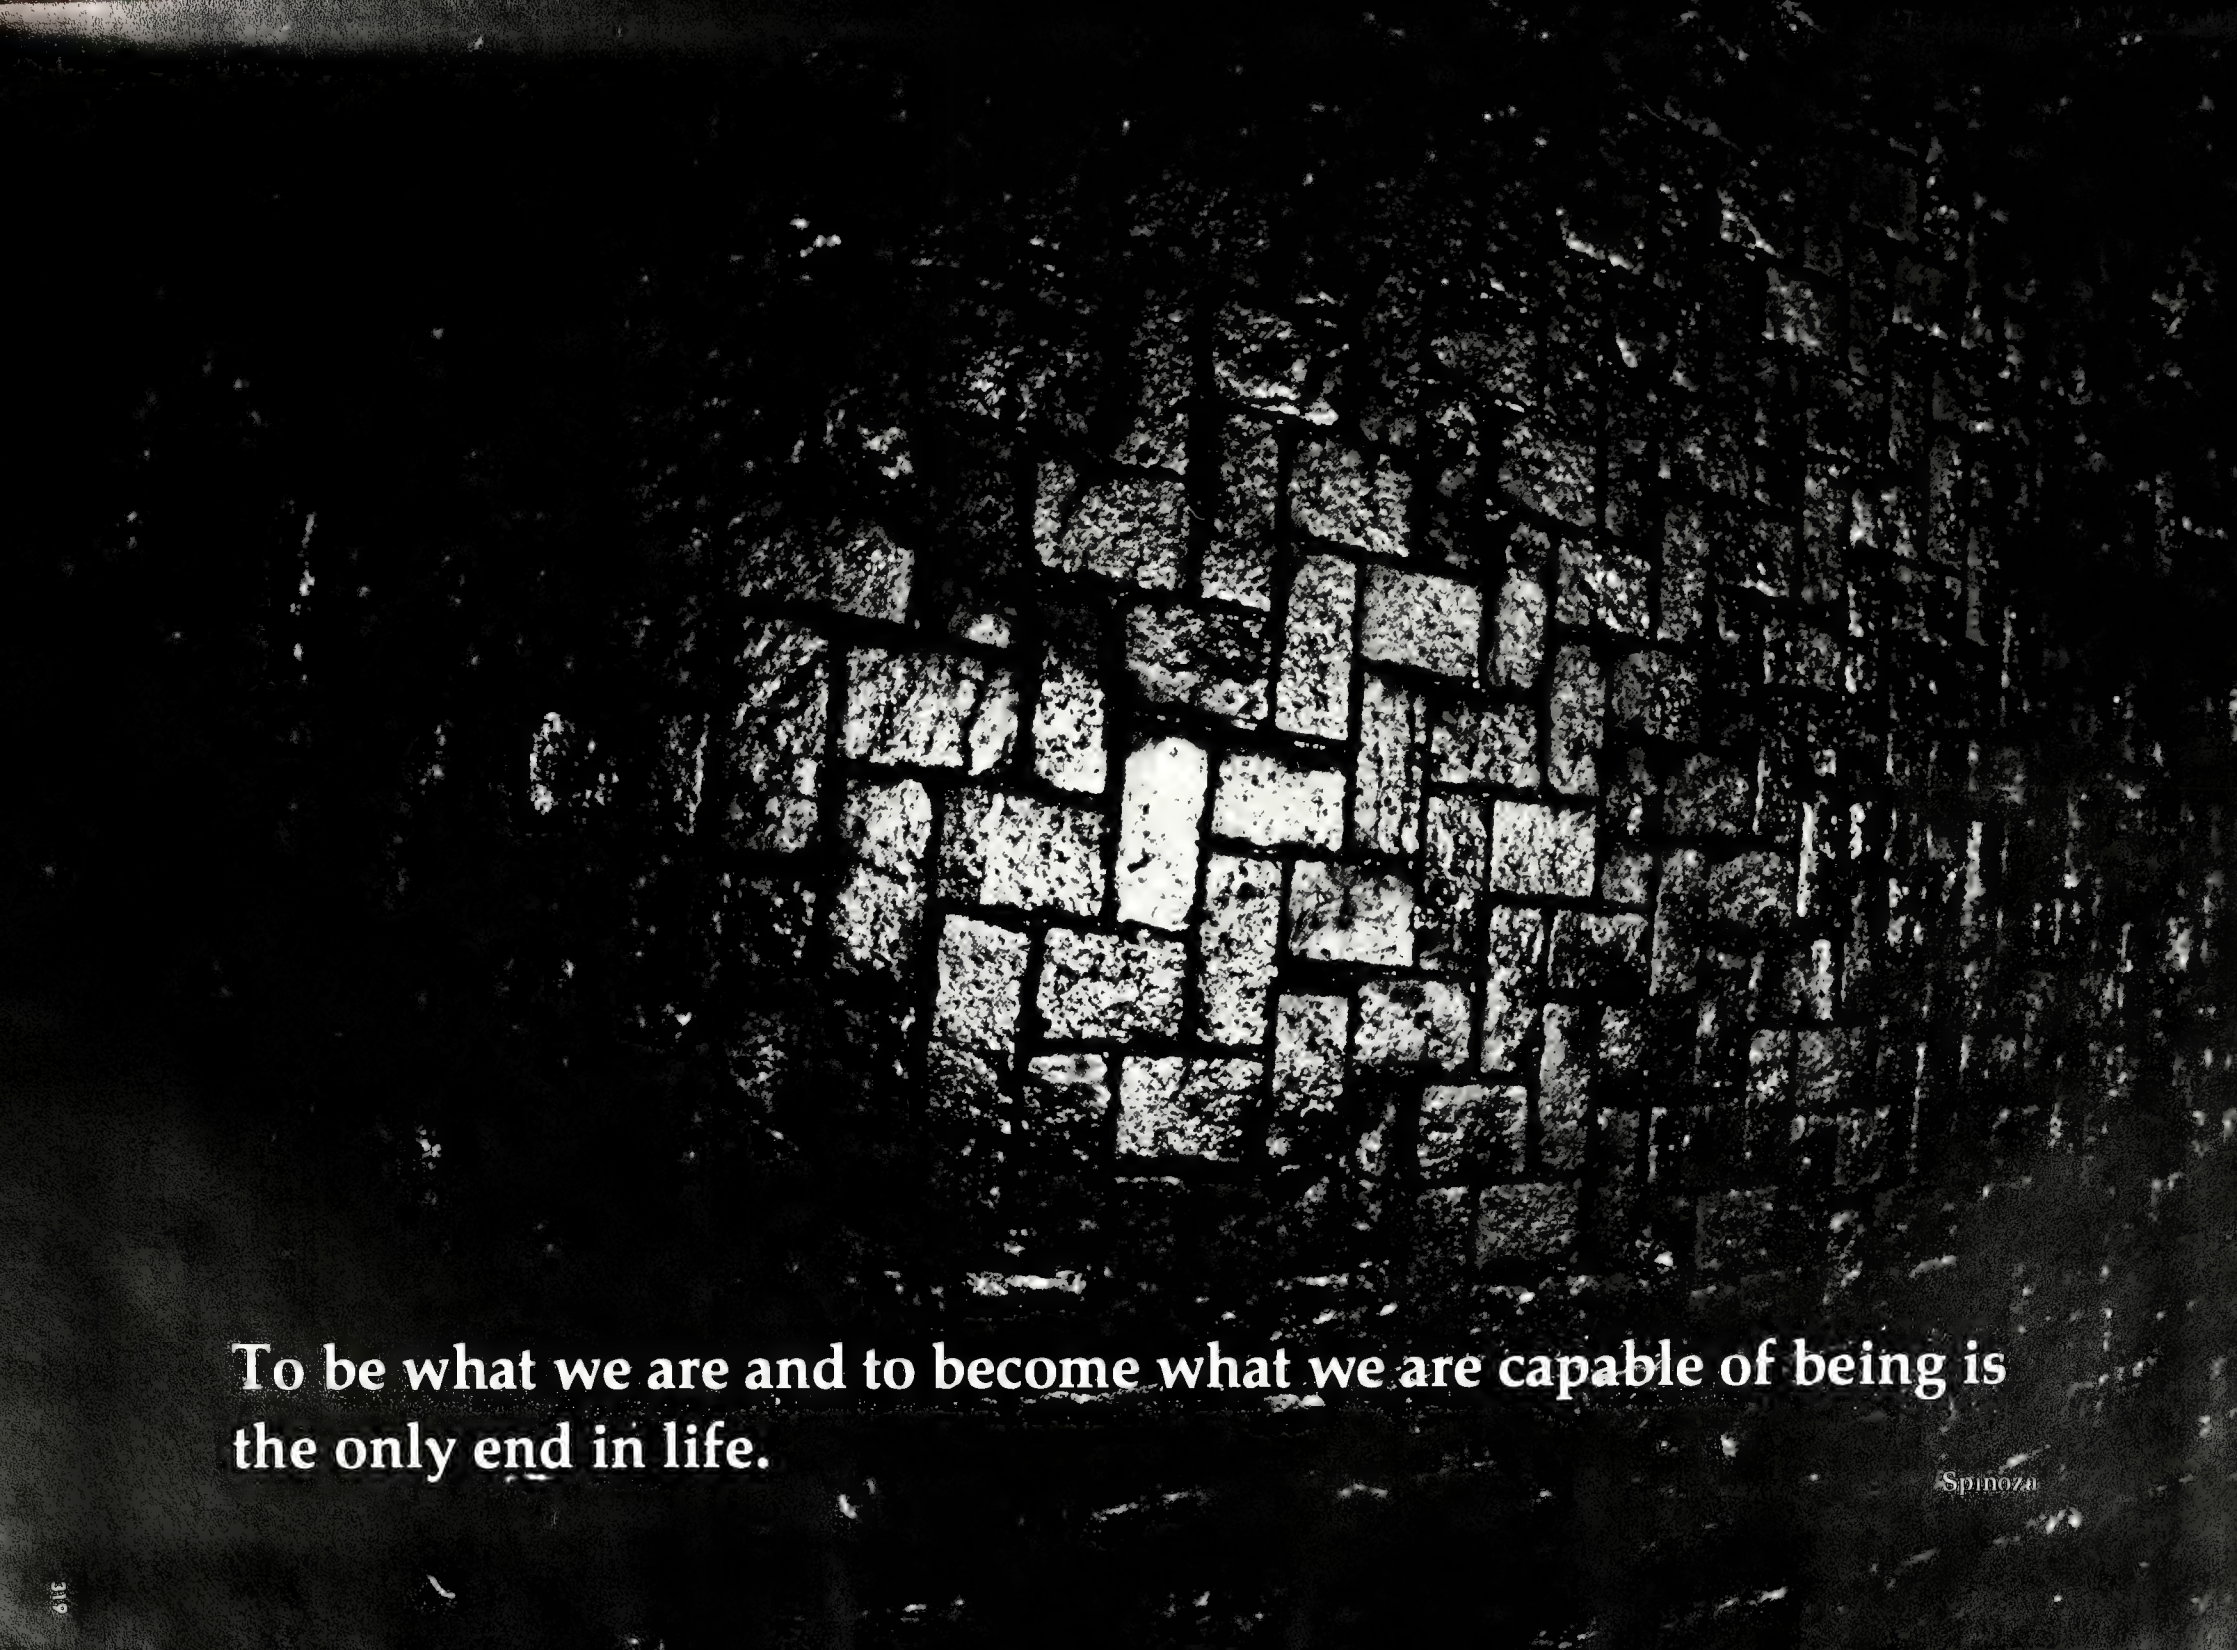
Periods of Solitude —
interspersed with episodes of learning
to get along with others.

UM SYMBOLS



All the wonders you seek are w[illegible] yourself.

— Sir Thomas Browne



To be what we are and to become what we are capable of being is the only end in life.
